Evaluating Websites

Use the following questions to help you evaluate a website and determine if it is a reliable source of information.

1. What is the URL, or web address, of the site you used?

2. How did you find this site?

3. Why did you decide to use this particular site?

4. Who wrote the information on this site?

5. When was the site last updated?

6. Is this site easy to navigate? Can I find information easily?

7. Would I recommend this site to others? Why or why not?
