# Keyword Search

1. Go to <http://www.aol.com/netfind/kids/> to start your search.
2. Use keywords related to your research topic to conduct the following searches.

**Search 1: Search with one keyword.**

**Search 2: Use AND to search with two keywords.**

*Example: keyword1 AND keyword2*

**Search 3: Use OR to search with the same two keywords.**

*Example: keyword1 OR keyword2*

3. How were the results from each search different?

---

---

4. Why do you think the results from each search were different?

---

---

**Try It! Compare search engines.**

1. Go to <http://sunsite.berkeley.edu/KidsClick/>.
2. Conduct the same searches.
3. How were the results different in this search engine?

---

---
