

TIME *for* KIDS

Improve Student Reading Comprehension and Critical-Thinking Skills with *TIME for Kids*

Dear PTA Member,

We need your help to offer an exciting educational experience to all of our students. *TIME for Kids* is a current-events magazine that boosts the critical-thinking and reading skills our children need to succeed in the classroom, on tests, and beyond.

With *TIME for Kids*, your child can read nonfiction articles about events and issues that are important to them. Each week, *TIME for Kids* highlights new topics that we can read about and incorporate into fun lessons that range from social studies and science to national and world news and geography. Best of all, our students will develop vocabulary, reading comprehension, critical thinking, and writing skills.

Budgets are tight, and many families cannot afford to help bring this valuable resource into the classroom. Please help us connect our students to the world around them.

Your Sponsorship Can Make a Big Difference!

The attached order form shows the *TIME for Kids* subscriptions I am requesting for our classroom. If we can gather the funds, our students will be excited and motivated. Thank you for considering this opportunity!

Thank you,
